He said also: "In order to unify the national and state activities making for the public health the establishment of a national department of health is almost a necessity. Congress should take early steps toward securing in the councils of the nation an adviser to the President charged with the protection of the health of the people and the proper education of the people in matters relating to their well being."

WASPS PLAGUE ENGLAND; CALL OUT BOY SCOUTS

**Shops Lost Through the Pests—Attacks
are Made on Persons in the Streets**

London, Sept. 29.—England's plague of wasps—the worst ever known—is growing worse. While America is "swatting" flies Englishmen are swatting wasps. So serious has the situation become that in many sections of the country the services of the Boy Scouts have been enlisted.

At Kingston-on-Thames the wasps compelled a confectioner to close his shop for five days, after thirty-one nests in the vicinity had been raided. Before the wasps had been ousted from the shop they had destroyed \$50 worth of stock. In the London suburb of Willesden wasps held up the street-car service for more than an hour. The motorman had been stung by a whole swarm, and before a substitute could be procured his car was stranded, blocking the entire line.

One despairing fruit grower offered 25 cents for every nest destroyed on his farm. The Boy Scouts, hearing of the offer, earned \$85 in three days. The country of Bedfordshire is suffering greatly, 4,000 wasps being caught in two days on Lord Amphill's estate. In Northamptonshire 8,000 were caught in a week in one provision store.

**James C. Dahlman, "Cowboy" Mayor

Starting his career as a cowboy, he is at present Mayor of Omaha, and has the following record to his credit: Sheriff of Dawes Co., Neb., three terms; Mayor of Chadron, Neb., two terms; Democratic Nat'l Committee man, eight years; Mayor of Omaha, six years, and in 1910 Candidate for Governor of Nebraska. Writing to Foley & Co., Chicago, he says: "I have taken Foley Kidney Pills and they have given me a great deal of relief so I cheerfully recommend them."

Yours truly, (signed) James C. Dahlman.

Death of John B. Atkinson

(Editorial in Evansville Courier)

Western Kentucky has lost its most distinguished private citizen in the death of John B. Atkinson. To him more than to any other one man is due the credit for the industrial development of this end of the state in the last forty years.

He was a man of broad views, great executive capacity, far seeing. The great coal company of which he was the head was the main activity of his life, but everything which would foster and develop the industries of his native state had his active support. His advice and counsel were sought for by other men of affairs. Every progressive movement had his well wishes, if his active cooperation were not possible.

Not alone as a great business man and a great developer of natural resources, will Mr. Atkinson be remembered. He built, fostered and sustained schools. His private bounty was added to the state's revenues to increase the term of the public schools in the communities in which he was most interested from a few months to nine months a year. He was active in affording opportunities for securing cheap homes. Of his labors along these lines the Madisonville Hustler says:

To him is due the credit of doing more for education in Hopkins county than any person or set of persons. A splendid modern graded school building at Earlington was erected in 1903 at the cost of about \$20,000 and paid for by the St. Bernard company, located on a lot given by the company. A graded school building for colored children has been erected. He was the founder of the colored school, Atkinson college. Free libraries at Earlington for both white and colored people were gifts from him. Annual contributions have been made to the school funds so as to allow three or four months schools to run nine months. He fostered the public schools, the churches, the benevolent societies, and gave the miners excellent opportunities and encouragement and aid toward acquiring homes at a minimum price.

He lived close to his employees—never too busy to listen to the smallest affairs of the humblest and give freely of his time and advice. There has never been but one strike in the forty years of his management.

Though he had abundant opportunities for acquiring vast wealth, though he added immensely to the wealth and prosperity of Kentucky, he leaves behind only a moderate estate. His means were used freely in his life for the assistance of others.

Though Mr. Atkinson was a New Jerseyian by birth, with the easy adaptability of the American he thoroughly identified himself with his adoptive state and Kentucky mourns him as sincerely as though he was one of her own sons.

DAN M. EVANS IS COUNCILMAN

**Earlington Council Will Purchase
Supply of Standard Fire
Hose****ANOTHER STEP IN DIRECTION
OF LOWERING INSURANCE RATES**

Dan M. Evans was elected last night as a member of the Earlington City Council to fill the vacancy caused by the death of John B. Atkinson, who had been a member of that body many years without interruption. Mr. Evans' selection is sure to meet the approval of the people of Earlington and no better choice could have been made. There is no more popular or capable man in the city.

At last night's meeting the Council took action on one of the most important matters that have been pending, and the question, one of the items in the plan for the general improvement of the city's fire fighting facilities, has been under consideration by members of the Council for some months past. The Council decided upon the purchase of 1000 feet of 2½ inch standard fire hose, specified this spring by the expert from the Kentucky Inspection Bureau as an item necessary to the City's equipment in order to lowering of Earlington's insurance rates. The proviso "if the treasury is able" is not thought to be an impediment and the selection and purchase is left to Councilman Oldham and Henry Rogers, Chief of the Fire Department.

A committee was also named to investigate the question of proposed erection of a gasoline storage tank at the local plant of the Standard Oil Company.

Plenty of Earlinton Readers Have This Experience

You tax the kidneys—overwork them—They can't keep up the continual strain.

The back gives out—it aches and pains;

Urinary troubles set in. Don't wait longer—take Doan's Kidney Pills.

Earlington people tell you how they act.

W. A. Toombs, contractor and builder, Clark St., Earlinton, Ky., says: "It is a pleasure for me to publicly acknowledge the benefit I have derived from the use of Doan's Kidney Pills. This remedy cured me of kidney disease in a remarkably short time after other preparations had failed to even give relief. My back was so lame and sore that I could scarcely get about and I was also prevented from obtaining a good night's rest by too frequent and painful passages of the kidney secretions. I was finally advised to try Doan's Kidney Pills and I procured a supply at the St. Bernard Drug Store. I was completely cured and am glad to give Doan's Kidney Pills the credit for my present good health.

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States.
